

American University of the Caribbean School of Medicine (AUC) in St. Maarten is actively seeking an experienced full time Wellness Counselor. AUC is where teaching and mentoring aspiring physicians on their journey to successful careers is the main focus. Our dedicated faculty and staff are part of a caring, collaborative educational community working toward one common goal: student success.

This nonacademic post will provide individual, couple, family, and group counseling to a diverse academic community of medical students and their families. Additional responsibilities will include behavioral assessment, crisis intervention, mental wellness workshop development and facilitation, faculty and staff outreach, and collaboration with other AUC professionals and programs.

- **Master's degree** in Counseling or a closely related field (e.g., Marriage and Family Therapy, Psychology, or Social Work)
- **Licensure/certification** (or its equivalent) by a relevant recognized authority
- Ability to administer and interpret evidenced-based behavioral health assessments
- Strong leadership and in-depth knowledge about the clinical practice of counseling
- Experience with an integrated counseling center or clinical practice
- Experience with electronic health records
- Excellent written and oral communication skills
